SKILLS

Reactjs, Redux, Gatsby.js, Ruby, Ruby on Rails, PostgreSQL, Javascript Es6, Node.js, jQuery, HTML5, CSS3, SQL, git, Test Driven Development (TDD), Figma, Photoshop, InDesign

PROJECTS

OPENCOUNTER (Ruby on Rails, PostgreSQL, JavaScript, ReactJS, ReduxJS, CSS3, HTML5)

[live](#) | [github](#)

A full-stack web application inspired by OpenTable

- Utilized PostgreSQL and Ruby on Rails to implement BCrypt authentication, to reinforce data security across the application.
- Incorporated a customized search algorithm that displays a list of categories based upon the relevance of the search query.
- Implemented Restful API calls for efficient and secure data manipulation between Ruby on Rails and React.

BIT MAXIMO! (JavaScript, Webpack, Canvas API, HTML5, CSS)

[live](#) | [github](#)

A dexterity-based infinite runner that tests hand-eye coordination

- Implemented an obstacle generator that randomizes the shapes and colors of the obstacle to test the player's reflexes.
- Developed a collision detection algorithm that takes into account multiple states and conditions of the user's input.
- Created a clean legible design to express the intent of the project's aesthetics.

EXPERIENCE

Software Engineer

Asian Cinevision

Feb 2020 - Present

- Designed and delivered a seamless film festival website by overseeing the transition to a front end using the Gatsby.js framework, accessing their WordPress database through REST API, and having all e-commerce features utilize Elevent's API. (In-Progress)

Software Engineer Technical Assistant

App Academy

Jan 2020 - Present

- Teach software engineering in JavaScript including language-specific intricacies, general coding best practices, and styling.
- Grade assessments and provide feedback on code style and best practices.
- Train coworkers and develop internal best practices.

Web Developer

[Internal Creations](#)

Nov 2019 - Present

- Lead web developer for creation of *Internal Creations* website including upkeep and updates for any *Internal Creations* additions to the webpage.
- Implemented responsive web design for mobile.
- Integrated business social media feeds for easier accessibility to visitors.

Operations Coordinator

Goldfarb Properties

Jul 2017 - Jan 2019

- Managed a team of 17 employees across 6 commercial/ residential properties in Manhattan servicing 1100+ tenants with coordinating small repairs to full scale building projects.
- Organized outside contractors and tenants to resolve over 2000+ issues within their residence using Yardi ticketing system and BuildingLink with a 95% satisfaction rate.
- Oversaw the implementation and deployment of a delivery package system that serviced over 25,000+ packages yearly.

EDUCATION

App Academy Full Stack Engineer

Apr 2019 - Jun 2019

Syracuse University B.S. Information Management and Technology (database concentration)

Aug 2007 - May 2011
